Instant Ice/Cold Packs

Size: 4"X 6" Small

Size: 6"X 9" Large

Ready-to-Use (never needs refrigeration)

Instant Ice is easily activated for emergency use where cold therapy is required. Reaches 0 degrees Celsius (32 degrees Fahrenheit) within seconds after you squeeze the inner bag and release the water into the crystals in the outer bag. The cold lasts from about 20-40 minutes, depending upon the temperature of the area it is placed and the temperature outside as well. The new stronger inner water bag virtually eliminates accidental activation. This also lengthens the shelf life even further, so you can enjoy being able to grab an instant cold pack for years to come, with the same great results!

Small Pack .50 -- Large Pack .75
Case of 24 Small/ \$17.50
Case of 24 Large/ \$20.00
